Pat/Sandra;

Regarding the MDH laboratory data packages for municipal well samples collected prior to 2015, can you provide a list of the wells/treatment plants you are interested in and how far back prior to 2015 are you interested?

Dave, Tom and Greg,

Sandra Harrigan from TetraTech, our START contractor working on the HRS Doc Record, has compiled references from Ramboll's 11-29-18 presentation which we do not have available. We would like to obtain the references to qualitatively evaluate with respect to HRS scoring and for potential inclusion in the HRS Doc Record. Please let us know if you could provide these references.

Sandy, note that these are the references which were highlighted on your list.

Thanks,
 Pat
